

characteristics Unitec 3 with glides and footing

Article: 9651 wood

Dimensions in mm

Seat: H: 580-850

Packing data Weight kg 14,0
Volume m³ 0,15

Base equipment

Benefit

Backrest	Large, ergonomically designed backrest to take the strain off the spine and muscles with integrated lumbar support	Healthy posture due to a hump providing support for the back in the lumbar region
Seat	Backrest height adjustment convenient and easy to handle in sitting position Ergonomically designed seat with rounded front edge	The support area can be adapted in accordance to the user's body size The round front edge of the seat prevents blocked circulation in the thighs
Seat and backrest design	Plywood, Beech: Seat and backrest made of multi-bonded beech plywood, natural varnished.	This washable material is particularly well suited to environments that contain aggressive substances. Wood is highly resistant, robust, durable and easy to clean. Although wooden chairs cost less, the hard surface does make them slightly less comfortable to sit on.
Seat height	Stepless seat height setting from 580-850 mm supported by safety gas spring with protective cover	Seat height can be adapted to nearly 95% of all body sizes, the cover protects the gas spring from dust and dirt
Technology	Permanent contact-backrest	This mechanism ensures that the backrest responds immediately to any movements of the upper body by following them. Thus, the back remains supported all the time. The backrest can also be locked into any tilt position if required
	Quick adjustment	Every function can be operated comfortable and easy in sitting position
Base	Black 5 star base made from plastic. Flat design	Very high stability, longevity and safety Flat design prevents stumbling hazard
Glides	Wearproof plastic glides with a large surface Area	Offer a superb level of stability
Foot ring	Chrome-plated foot ring, adjustable in height	Provides support through the wide tread area and can be easily and quickly adjusted in height
Materials	The materials used are recyclable	Environmentally friendly.
Standards	DIN 68 877 German GS "safety tested" mark of conformity Quality Management System DIN EN ISO 9001 Regulation EWG Nr. 1836/93 and Environmental Management System DIN ISO 14001	Procuring is insured
